Tuesday 21st April

Dear Parents / Carers,

The Life Sciences Building at the University of Bristol would like to invite Year 5 to attend a work experience event on **Tuesday 28th April** between 10:00 – 12:00. We have booked a coach to leave St Chad's at 9:15am and will be leaving the Life Sciences Building at 12:15pm. It will take at least 30 minutes to travel back to St Chad's, so children will need a packed lunch on this day which they will eat when we return to school. Please ensure that no nuts/sesame products or fizzy drinks are in the packed lunch.

Please see further details below

'Children will get to partake in hands on practical activities in our state-of-the-art laboratories and interact with multiple stalls showing displays of our research and smaller activities in our large plant filled atrium. We've designed this event to inspire and engage students around the wonders of Biology by showcasing some of the fascinating research that's taken place here. We want to bring the excitement of scientific discovery and innovation directly to students, and we hope to encourage them to explore & pursue a continued interest in life sciences.'

Children will need to wear their school uniform for the trip. They will have indoor P.E. in the afternoon. However, if children are wearing appropriate trousers/shoes, they should not need to get changed. Children may bring their P.E. kit to change into in the afternoon if they wish.

A big thank you to the University of Bristol for fully funding this trip for our year 5 pupils. We are very grateful to them for this opportunity. If you are happy for your child to attend, please give consent on Arbor.

Thank you,
Miss Preen
Year 5 Teacher

Healthy School
